Subject: DFARS "Specialty Metals" Certification

To Whom It May Concern:

Fatigue Technology (FTI) certifies that within the calendar year ending December 31st, 2014, more than 50 percent of our purchases of "Specialty Metals" as defined in 10 USC 2533b are or will be made from domestically melted "Specialty Metal" or obtained from a source under the "qualifying country exception." Therefore, we consider the commercial fasteners produced by our company to be in compliance with 10 USC 2533b (h) (3).

Applicable Supporting Documentation will be made available to appropriate parties upon request with 30 days notice.

Please feel free to contact us regarding any questions you may have.

Sincerely,
