Subject: "Specialty Metals" Certification

To Whom it May Concern:

ATF Inc. certifies that within the calendar year of 2011 more than 50% of our purchases of "specialty metals" as defined by 10 USC 2533b are made from domestically melted "specialty metal". Therefore, we consider the commercial fasteners produced by our aerospace fasteners division to be in compliance with 10 USC 2533b(h)(3).

Applicable supporting documentation will be made available to appropriate parties upon request with 30 days notice.

Respectfully,
