Subject: "Specialty Metal" Certification

North East Fasteners certifies that during the calendar year of 2013 more than 50% of our purchases of "specialty metals" as defined by 10 USC 2533b used for the manufacture of fasteners, are or will be made from domestically melted "specialty metal." Therefore, we consider the commercial fasteners and/or COTS items produced by our company to be in compliance with 10 USC 2533b (h) (3).

Applicable supporting documentation will be made available to appropriate parties upon request with 30 days advance notice.

Respectfully,

Erin Dumonski  
Director of Quality  
North East Fasteners  
8 Tremco Drive  
Terryville, CT 06786
