Re: DFARS Specialty Metals Fastener Self Certification

To Whom It May Concern:

Novaria Fastening Systems certifies that it will purchase, during the relevant calendar year 2022, an amount of domestically melted or produced specialty metals as defined by 10USC 2533b for use in the production of fasteners for sale to all customers that is not less than 50% of the total amount purchased for fastener production. Because of this, we consider the commercial fasteners manufactured by our company to be in compliance with 10USC 2533b(h)(3).

This certification applies to the following facilities:

- ESNA Texas 6625 Iron Horse Blvd., North Richland Hills, TX 76180
- ESNA Arkansas 611 Country Club Road, Pocahontas, AR 72455
- Caliber Aero 12065 Clark Street, Santa Fe Springs, CA 90670
- Fastener Specialty 6625 Iron Horse Blvd., North Richland Hills, TX 76180
- Space-Lok, Inc. 13306 Halldale Ave., Gardena, CA 90249
- The Young Engineers 25841 Commercentre Dr., Lake Forest, CA 92630

Supporting documentation will be made available to appropriate parties upon request, and will be provided within 30 days of receipt.

Sincerely,

A handwritten signature in black ink that reads "Keith Brunell".
